SUMMARY

I am a B.Tech student specializing in Computer Science and Engineering with a CGPA of 7.81. My technical skills include Python, AI, ML, and knowledge of AWS and cloud computing. I have undertaken internships in machine learning and cloud computing, contributing to practical applications. Additionally, I'm dedicated, adaptable, and possess strong organizational capabilities, ready to take on new challenges

EXPERIENCE

Intern
Internship
📅 01/2023 - 12/2023 📍 Remote

Practical training in machine learning and cloud computing
- Machine Learning Using Python
- Artificial Intelligence
- AWS and Cloud Computing

EDUCATION

B.Tech
Godavari Institute of Engineering and Technology
📅 08/2022 - 05/2026 📍 Rajahmundry

Intermediate
Sri Chaitanya Junior College
📅 06/2020 - 05/2022 📍 Gajuwaka

SSC
Bhashyam public School
📅 06/2019 - 05/2020 📍 Gajuwaka

KEY ACHIEVEMENTS

💎 **Successful Project Completion**
Completed chatbot project with 98% accuracy in response generation.

💎 **Cost Reduction Strategy**
Reduced cloud computing costs by 15% through optimization strategies during internship.

💎 **Certification Excellence**
Attained top 5% in AI and ML certification course among 200 participants.

STRENGTHS

✔️ **Strive for Perfection**
Strive for Perfection

⚡ **Adaptability**
Ability to adapt to varying situations and requirements

💡 **Self motivated**
Self-driven and motivated to achieve goals

🏆 **Hard Working**
Dedicated to working hard and achieving objectives

⚡ **Teamwork**
Capable of working independently or as part of a team

🏆 **Organizing capabilities**
Strong organizational skills in managing tasks

⭐ **Leadership**
Proven capacity to lead projects and initiatives
